

DMIT1530 Web Fundamentals II

Assignment 2

Due Date: March 19th, 2019

Time: 11.55pm

Weight: 20%

Introduction

In this assignment you have been provided with a layout for a portfolio. The layout consists of two views. The small viewport < 480px and a medium viewport < 780px. The layout consist of six sections.

1. Header
2. Skills Summary
3. Find me
4. Work Experience
5. Education
6. Contact Form

You have been provided with all of the artwork in the assignment download folder. Your are tasked to build your own portfolio from this template. You can add content sections but you can't remove content sections. The text based content should be thematic to your portfolio ie: name image work experience. If you don't have content to add then make some up but make it relevant. This should be a template from which you can build an online presence.

Minimum Build Requirements

Assume this is for the Alberta market so that means that you are developing for the most modern browsers on desktop mobile and tablet. You have been provided with two break points and you have to add a third which would be largest size 1200px ~ 1600px. There is not default fonts require, you are allowed to pick the fonts you want. Stay wit the one for reading one for headings rule.

The 480px and 780px Views. marks 80%

1. Six content sections completed and layed out as shown in the design document.
2. Mobile menu with links to each of the content sections.(will be done in class)
3. Custom text content and **not** the content from the design document.
4. Good representation of the original layout and design.
5. Site is audited and optimized for delivery.
6. Site is hosted on swab2 or on netlify.

Bouns large viewport layout. 20%

1. Content sections are layed out consistent with the viewport size. 15%
2. Site deployed on Netlify
3. There is a repository for your portfolio on Github.
4. Custom designed content and additional details.

Submission

Upload the assignment to your swab2 or to Netlify. On the moodle site provide a link to the site on the internet. Also upload a copy of your assignment folder to Moodle.
